

Assessment Fortnight- 23rd April- 10th May

Below is a summary of the Assessment Fortnight between 23rd April- 10th May. Some assessment dates have been provided around these dates, but hopefully this will only help you to structure your revision.

It is important that we provide you with the opportunity to do a series of timed assessments as we know they have been working hard over your courses. It will also give you an opportunity to experience completing a series of assessments in different subjects.

The assessments will provide us with one piece of evidence as we work to submit your grades- However, this will not be the only piece of information used.

The assessments have a specific area of focus to ensure that you can feel prepared and to give you time to review this area of their curriculum.
