Thank you very much for effort in the assessments so far. Below is a summary of the Assessments for next week.

It is important that we provide you with the opportunity to do a series of timed assessments as we know they have been working hard over your courses. It will also give you an opportunity to experience completing a series of assessments in different subjects.

The assessments will provide us with one piece of evidence as we work to submit your grades- However, this will not be the only piece of information used.

The assessments have a specific area of focus to ensure that you can feel prepared and to give you time to review this area of their curriculum.
