### Contextual Offers for 2024

Contextual offers are one of the ways we remove the barriers to higher education. To make it fairer, we consider the information you give us on your UCAS form about your personal circumstances and the impact these might have on your qualifications when we make a decision on your application. To determine this, we use the POLAR4 (Participation of Local Areas) data available in your UCAS application and Quintile 1 shows the lowest rate of participation and quintile 5 the highest.

**If your postcode falls into quintile 1 or 2, you will be eligible for a contextual offer from Lincoln meaning eligible students will receive an additional 8 UCAS point decrease whilst MPharm applicants will receive an additional 16 point decrease.**
